Experience

Paul has more than 20 years of accounting experience. His industries include healthcare, manufacturing and distribution, and not-for-profit. He has been with DHG since 2004.

Paul works with a diverse client base, providing various consulting services including employee benefit audits, internal control review, fraud prevention, and transaction related assistance. Paul's extensive work with employee benefit plans includes qualified plan audits, ERISA reporting and consultations on reporting and filing requirements for all plan types. From employee benefit plan consulting to advice on a plan's operational environment and financial reporting requirements, Paul has worked closely to advise his clients on their organization's needs

With more than two decades' experience in healthcare, Paul brings skill and industry insight to his clients. He serves as the Partner-in-Charge of the Healthcare Industry Practice Unit for the Memphis-Dallas Region.

Using his deep industry knowledge, Paul conducts internal training and external Continued Professional Education teaching. When he's not working, Paul is an avid fisherman and enjoys time on the water.
